

الشركة العمانية للغاز الطبيعي المسال ش.م.ع.  
**Oman LNG L.L.C.**

## **SMOKING POLICY**

This Policy covers all premises of Oman LNG L.L.C.

We recognise that smoking is injurious to the long-term health of the smoker and those in the near vicinity, an annoyance to most non-smokers and a major safety hazard in certain work locations. Oman LNG is concerned for the health and safety of all personnel at its premises and thus is committed to a smoking free work environment.

Smoking is prohibited in all company locations with the exception of specifically designated areas, which is also one of the 12 Life Saving Rules.

In implementing this Policy, the following shall be applied:

- This policy applies to all company employees, contractors and visitors at all company premises.
- Smoking is also not permitted inside cabins of vehicles or equipment on Company premises or on company business.
- Smoking is allowed only in designated smoking areas that the Company has identified as safe locations for Smoking and marked as designated Smoking Areas.
- All company employees, contractor staff and visitors shall be advised of the smoking policy on their initial arrival at company premises.
- Ignition sources such as matches, lighters, etc., are prohibited to be brought into the O LNG Production Plant Facilities. The company will provide these in the designated smoking areas.
- Adherence to Sultanate of Oman Ministerial Decision No. 272/2010 (Regulating Smoking at Enclosed Public Places) and Ministerial Decree No. 286/2008 (Occupational Health & Safety Regulations)
